**Safety Precautions**

Before installation, please read the following precautions carefully to prevent risks and dangers to this product, users, and any other person.

- Do not expose to direct sunlight, water, dust and soot.
- Do not place any magnetic object near the product. Magnetic objects such as magnets, TV, LCD monitors or speakers may damage the device.
- Do not place the device near any heating equipment.
- Prevent water, drinks or chemicals leaking into the device.
- This product is not intended for use by children unless they are supervised.
- Do not drop or damage the device.
- Do not disassemble, repair or modify the device.
- Do not use the device for any purpose other than those specified.

Remove dust or dirt regularly. While cleaning, wipe dust off with a smooth cloth or towel instead of wiper.

Contact your retailer in case of any problem.

**Mounting the device on wall**

1. Paste the mounting template sticker onto the wall, and drill holes according to it.
2. Make the back plate to the wall with wall mounting screws.
3. Attach the device to the back plate.
4. Fasten the device to the back plate with a security screw.
Power & Ethernet Connection

- Power Connection
  - Connect the device to the mains power supply.
  - Use a power supply with a rated voltage and current matching the device's requirements.

LAN Connection

- NVR Connection
  - Connect the device to the network via an Ethernet cable.

Button & Sensor Connection

- Button Connection
  - Connect the button to the device's input ports.

Alarm & RS485 Connection

- Alarm Connection
  - Connect the alarm devices to the device's input ports.
  - Use a RS485 connection for longer distances.

Wiegand Connection

- Wiegand Reader
  - Connect the Wiegand reader to the device's input ports.
  - Use Wiegand protocol for access control devices.

User Registration

- Register on the device
  - Enter the device's IP address and access the user interface.
  - Create a user account by following the on-screen instructions.

Register on the software (BioTime 8.6)

- Register on the phone
  - Connect the device to the phone using Bluetooth or Wi-Fi.
  - Follow the on-screen instructions to register the user.

Menu Functions

Access Settings

- Set access control settings
  - Configure access control policies and settings.

Network Settings

- Network Configuration
  - Configure the device's network settings.
  - Connect the device to the network via Ethernet or Wi-Fi.

Attendance Record Search

- View attendance records
  - Access the attendance record management interface.
  - Filter and view attendance records by date or time.
