4 Quick Start

User registration

Step 1
- Login onto http://X.X.X.X:XX/app/v1/adreg with mobile phone to register users.
- Click [Personnel] > [Person] > [New] to register users in ZKBiosecurity Software.
- Register users on the device.

Step 2. Click [Access Device] > [Device] > [New] to add the device to the software.

Step 3. Add users to access levels.
For more details, please refer to the ZKBiosecurity User Manual.

User authentication

When the distance between the person and the machine is 1.5m, the device will automatically switch to the face verification interface. The verification result is as shown on the right:

Verification is successful

The device will automatically switch to the standby page if it doesn’t detect any person within 5 seconds.
The icons 🌐 or 🌐 in the standby interface indicates that the network connection or the server is abnormal. Please check the network cable and network connection.
